Additional comments		

My name is Jesse M. Kanitz, and I would be honored to receive your vote for a position on the Chapter's Board of Directors. I am an attorney at the firm of Williams and Strohm, LLL. I have a Juris Doctorate and Master of Arts in Public Policy and Management, both of which I obtained from The Ohio State University. I have been practicing law for over eleven years, and I have spent the last six focused primarily on representing community associations in nearly all aspects of community living, from simple neighborly disputes to more complex litigation. While I would like to say I have seen everything imaginable at this point, I now have the experience, especially after this year, to know that it is impossible to imagine what craziness is to come, but also the confidence to know that with the right approach and people around you, a solution exists.

I have been involved with CAI dating back to 2015. Over the years, I have come to truly value my experience with CAI and, most importantly, the relationships it has allowed me to develop. I previously served as a member of the Chapter's volunteer committee and advanced to chair the committee. During that time, the committee was able to build on the work of those members that came before us and to further develop it into a genuinely impactful group, donating several hundred pounds of food and organizing multiple in-person volunteer events. The work I was able to be a part of in this committee, epitomizes my view of CAI: a group of people working together to make the communities they serve better.

I have gained from the relationships I have developed within the Chapter, and I am willing to diligently work as a member of the Board to ensure the Chapter remains a vibrant organization internally and that it continues to grow externally by the addition of new members. I recognize the important work that the Board puts into preserve the Chapter and advance its goals, and I believe my experience will allow me to bring value to the Board immediately. I have always worked hard to represent my clients, and I promise to work hard to serve the Chapter if elected to the Board.
